Miss Tele'a turned the box around & saw that it was for her & LS1 so she thought we can all predict what's inside the box before we cut it open & look for ourselves. For my guess I thought it was a huge pile of food because the class is always hungry & it is almost the end of Term 1 going on to Term 2 so whatever is on the box we are going to use this for Term 2 inquiry.</p>

<p>Write about what happens after the box has been opened!</p>	<p>After we all ate the yummy food we all want to have this again & again until we get very really full but we hope we can experience this again hopefully.</p>
<p>Paragraph 4 (Needs at least 3 sentences) Write about how LS1 uses what was IN the box, for their learning in Term 2.</p>	<p>We all learn why we ate the food because we all need to learn to share stuff like whiteboard markers, even rubbers we all need to learn how to share stuff & work together to help each other too.</p>
